APPROVAL OF STATE ENGINEER
subject to the final allocation of the State of Nevada under the CalifNevInterstate Compact Commission. The State retains the right to regulate the use of the water herein granted at any and all times. This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies. The total combined duty of water under Permits 54170, 54171 and 43784 shall not exceed 125.56 acre-feet seasonally. This permit is issued subject to State Engineer's Ruling No. 3781.
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed. 0.336 cubic feet per second, and not to exceed 111.76 acre-feet per season, and not to exceed a seasonal duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.
Work must be prosecuted with reasonable diligence and be completed on or before March 5, 1993
Proof of completion of work shall be filed before. April 5, 1993
Application of water to beneficial use shall be made on or before March 5, 1995
Proof of the application of water to beneficial use shall be filed on or before
Map in support of proof of beneficial use shall be filed on or before
Completion of work filed AUG 2 0 1993 IN TESTIMONY WHEREOF, I. R. MICHAEL TURNIPSEED, P. E. State Engineer of Nevada, have hereunto set my hand and the seal of
